Out Area

Where international, state, and/or county boundaries coincide, the map shows
the boundary symbol for only the highest-ranking of these boundaries.
1. A " " following a place name indicates that the place is also a false MCD;
the false MCD name is not shown.
2. In 1990, the census-of-vessels population of ships at sea was allocated to
census tracts with a "59" suffix. An anchor symbol appeared on the 1990
maps locating a census-of-vessels tract. These maps show a very small area
symbolized as a census tract with the census tract number shown near the
area.
3. A " " following a block number indicates that the block number is repeated
elsewhere in the block.

0 3 4 3 2 1 0 3 mi

The plotted map scale is 1:7000

All legal boundaries and names are as of January 1, 1990 as tabulated for the Public Law 94-171 and Summary Tape File products. The boundaries also reflect the feature network and coordinates as of the Census 2000 geographic base. Since 1990 the Census Bureau updated the base from the North American Datum of 1927 (NAD27) to the datum as of 1983 (NAD83) and made numerous updates to the base features from those depicted in 1990. The boundaries shown on this map are for the Census Bureau's statistical data collection and tabulation purposes only; their depiction and designation for statistical purposes does not constitute a determination of jurisdictional authority or rights or ownership or entitlement.
